## **CERTIFICATE**

Nº 0005

## **Kostiantyn Chernenko**

has successfully completed the BLENDED LEARNING PROGRAM on modern study methods of metals, welding, structures design and technologies for rational use of materials and structures in various industries.

(120 academic hours; 4.0 credits ECTS).

organized by the Welding Institute (Slovenia) during the period from May 1, 2019 to May 7, 2019

The theme of the training course: Current trends in the technology of studying the nature of the material. Innovative methods and technologies for processing materials and constructions. Practical evaluation of materials under the negative impact of the natural and artificial maintenance environment. Technologies of restoration of materials and structures in various industries.

Director of Welding Institute, Slovenia Dr.-Ing. Miro Uran

Ljubljana, 7 May 2019
